

ACIS 2007

Welcome!

The third biennial Australian Colloid and Interface Symposium will be held at the Crowne Plaza, Coogee Beach, Sydney, Australia on 4th-8th February 2007.

This international four-day conference, held at one of Australia's most magnificent beach resorts, will provide an opportunity for international and local colloid, surface and interface scientists to meet and discuss recent developments in their areas of research.

Further details

For further details, and to add your name to the conference database, please visit the conference website at www.colloid-oz.org.au or e-mail enquiries to acis@pco.com.au

- Abstract submission deadline: 29 September 2006
- Early-bird registration deadline: 24 November 2006

Plenary Lecturers

- Prof. Brian Vincent, Bristol (A.E. Alexander Lecturer)
- Prof. Wolfgang Knoll, MPI-Polymer Research, Mainz (RACI Divisional Plenary Lecturer)

Conference Themes

Spectroscopy and Scattering in Surface and Colloid Science

Keynote speakers: A/Prof. Zhan Chen (University of Michigan), Prof. Donald L. Sparks (University of Delaware)
Theme Chairs: David Beattie (South Australia) and Jim McQuillan (Otago)

Pharmaceutical Applications

Keynote speakers: Prof. Frank Szoka, Jr. (University of California, San Francisco), Dr. Robert Price (University of Bath)
Theme Chairs: Ben Boyd and Ian Larson (VCP, Monash)

Hierarchical Materials

Keynote speakers: Dr. Eric Amis (NIST), Prof. Ulrich Schubert (TU Eindhoven)
Theme Chairs: Calum Drummond (CSIRO) and Matt Trau (Queensland)

Surface Forces, Nanotribology and Biological Interactions

Keynote speakers: Prof. Jacob Israelachvili (University of California, Santa Barbara), Prof. Suzanne Giasson (Université de Montréal)

Theme Chairs: Michelle Gee (Melbourne) and Roger Horn (South Australia)

Inorganic Oxide Surfaces

Keynote speakers: Prof. Gordon E. Brown, Jr. (Stanford University), Prof. Kwadwo Osseo-Asare (Penn State University)

Theme Chairs: George Franks (Melbourne), Jonas Addai-Mensah (South Australia), Yang Gan (Newcastle)

Drops and Bubbles

Keynote speakers: A/Prof. Eric M. Furst (University of Delaware), Prof. Darsh Wasan (Illinois Institute of Technology)

Theme Chairs: Ray Dagastine (Melbourne), Clive Prestidge (South Australia)

Frontiers of Colloid and Interface Science

Keynote speakers: Prof. Julian Eastoe (University of Bristol), Prof. Robert Pelton (McMaster University)

Theme Chairs: Shannon Notley (ANU), Greg Warr, Rob Atkin (Sydney)
