

# The Fifth Biennial Australian Colloid & Interface Symposium

Wrest Point Hotel, Hobart, Tasmania  
30 Jan to 3 Feb 2011

ACIS 2011 will provide an opportunity for international and local colloid, surface and interface scientists to meet and discuss recent developments in their areas of research.

*To go in the draw for two nights accommodation at a 'Pure Tasmania' property in regional Tasmania, register before 22 November 2010*

**Registration and abstract submissions NOW OPEN**

## PLENARY SPEAKERS

**RACI Colloid Division Plenary Lecture: Prof Helmuth Mohwald** from Max Planck Institute of Colloids and Interfaces, Germany  
*Sponsored by the Royal Australian Chemical Institute, Colloid & Surface Science Division*

**Alexander Lecture: Prof Kazue Kurihara** from Tohoku University, Japan  
*Sponsored by The University of Sydney and the Royal Australian Chemical Institute, Colloid and Surface Science Division*

## THEMES

1. Mineral and Material Interfaces  
*(David Beattie, George Franks, Kathryn McGrath)*
2. Neutron Scattering and Synchrotron Techniques  
*(David Beattie, Jamie Schulz, Mark Tobin)*
3. Advanced Functional and Nanoscale Materials  
*(Qin Li, Paul Mulvaney)*
4. Frontiers in Colloid and Interface Science  
*(Erica Wanless and Gayle Morris)*
5. Microfluidics and Separation Sciences  
*(Michael Breadmore, Leslie Yeo)*
6. Surface Forces  
*(Ian Larson)*

## IMPORTANT DATES

- \* **15 September 2010** - Abstract submission deadline
- \* **22 October 2010** - Presenters notified
- \* **22 November 2010** - Early-bird registration deadline
