Dear Mr Jennings,

Thank you for sending through the Friends of the ABC questionnaire regarding my position and support for the ABC.

I have not as yet fully completed all of the specific questions within the questionnaire. As this is taking sometime I wanted to ensure that you were aware of my support for the ABC.

I am a supporter of the ABC, both as a listener, and as an advocate within the community.

The ABC is an integral part of the local community in providing, in particular, high quality, commercial free news and current events coverage. The ABC also has a record to be proud of in respect to the quality of its production and programming.

I will continue to advocate for increased funding for the ABC. I also remain a staunch defender of the ABC, and congratulate the friends of the ABC for your continued effort and support in seeing the same.

I look forward to providing you a full response to your survey shortly, but in mean time feel free to contact my office with any questions or queries you may have.

Regards
